Thanks Lauren,
I downloaded the documents.
Please also send a hard copy.
Thanks,
Maribeth

Good Afternoon,

Florence Copper transmitted as-built documentation for the PTF permitted facilities to ADEQ Groundwater Value Stream as required by the Temporary APP No 106360. You may download a copy of the documentation submitted using the sharefile link below.

If you would like any additional information regarding this transmittal please contact Dan Johnson at 520-374-3984.
